

GET WORLD-CLASS TRAINING FROM THE INDUSTRY EXPERTS!

Dear Brocade Learner,

- Would you like to participate in live, technical training without traveling much further than your office or the local coffee shop?
- Are you interested in participating Product over training and Certification Review courses?

If the answer to either of these questions is YES, then don't miss out on the opportunity to participate in live training via our Virtual Classroom Training methodology! Virtual Classroom Training provides you interactive, real-time training with access to a live instructor right from your PC!

These Virtual Training events are offered at no cost to you.
